Letter from the Chairman of the Compensation Committee

Clay Brendish, Chairman

Dear Shareholders,

On behalf of the Compensation Committee, I am pleased to present our Compensation report for the year ended 31 March 2021.

The past year has been one of significant change and uncertainty for the Group, and the Committee has worked closely with Group management to address the impact of the Covid-19 pandemic on the Group's compensation arrangements. Ensuring that measures were implemented to share the consequences fairly at all levels of the organisation was paramount. This effort was led by our Chairman, Mr Johann Rupert, who volunteered to reduce his own salary by 50%. Senior Executive Committee members also proposed, and the Committee approved, an exceptional reduction in base salary of 20% which applied throughout the year ended 31 March 2021. Short-term incentives paid to Senior Executive Committee members in June 2020, with respect to performance in FY20, were also reduced by 25% while long-term incentives awarded in December 2020 were cut by 50%, in line with the reduction in dividend payment. Salaries for other senior executives were also reduced by 20% during the first half of the year. Fees paid to non-executive members of the Board of Directors were also reduced.

More globally, the Committee reviewed proposals to ensure that remuneration policies reward fairly the exceptional efforts of the Group's employees during this difficult year, while taking into account the wider economic circumstances in which cost reduction and conservation of cash are critical.

Looking to the future, the Group is working on a new proposal for the compensation of its most senior executives, including members of the Senior Executive Committee, with a focus on ensuring that performance, which is in line with the Group's strategic objectives, is rewarded and incentivised. More details on any changes as a result of this review will be communicated in next year's compensation report.

At the AGM in September 2020, shareholders once again approved the remuneration proposals by a large majority. Specifically, shareholders were asked to approve the maximum amount of fixed Board compensation from the 2020 AGM to the 2021 AGM; the maximum amount of fixed Senior Executive Committee compensation for the 2022 financial year and the variable compensation of the Senior Executive Committee for the 2020 financial year. The actual compensation paid to the Board for the period from the 2019 AGM to the 2020 AGM and to the Senior Executive Committee with respect to fixed compensation for the 2020 financial year was within amounts previously approved by the shareholders.

The Compensation report that follows describes the Group's guiding principles, philosophy and policies for setting the compensation of members of the Board and the Senior Executive Committee. The report complies with the relevant articles of the Swiss Code of Obligations, the Swiss Code of Best Practice, and the Ordinance against Excessive Compensation ('OEC'). The compensation for the financial year under review, as detailed on pages 72 to 74, has been audited by the Group's auditors, PricewaterhouseCoopers.

On behalf of the Board, we would like to thank you for your continued support on executive compensation matters.

We look forward to receiving comments from our investors.

Clay Brendish
Compensation Committee Chairman

1. Richemont's compensation principles

Our compensation-setting philosophy

The primary objective of the Group's compensation strategy is to align variable compensation paid to senior executives to total shareholder returns over the long term, while attracting and retaining key talent in the face of competition from other multinational groups.

Members of the Senior Executive Committee are rewarded in line with the level of their authority and responsibility within the organisation. An executive's total compensation comprises both fixed and variable elements. Short-term incentives are paid in cash and are awarded to executives in May, based on performance during the previous financial year. These are complemented by long-term awards under the Group's share option and performance share unit plans, which serve to both retain key executives and to ensure that the interests of these executives are aligned to the values of the Group, including a focus on capital allocation for long-term strategic purposes and the development of a culture of creativity and responsibility within the Maisons.

The variable remuneration of each Senior Executive is dependent on performance against certain, pre-defined Key Performance Indicators ('KPIs'). These measures are both quantitative, reflecting the performance of the Group or Maison in terms of sales, operating profit and cash generation, and qualitative, with respect to individual and collective management performance.

Non-executive directors receive fixed compensation only and are not eligible for awards under the Group's short- or long-term incentive schemes.

Comparative group benchmarking

To ensure that the Group remains competitive in its compensation arrangements, benchmarking surveys are periodically considered by the Committee. A comprehensive benchmarking survey was performed in early 2020 which covered both the Senior Executive Committee and other key positions within the Group, focusing on base salaries, target bonuses, long-term incentives, and total direct compensation levels.

In benchmarking the remuneration of these executives, the Group considered compensation practices in a selection of multinational groups which it considers to be its peers. The criteria for selection included: industry focus on luxury goods; size in term of revenue and headcount; listed companies; and international presence in relevant geographies. These peers were identified as follows:

- multinational Groups active in the Luxury Goods industry, such as LVMH, Kering and Hermès, amongst others; and
- international groups headquartered in Europe and Switzerland with significant global presence.

As a point of reference, the Group targets at least the median compensation level of the peer group, while maintaining the potential for above-average variable compensation for superior performance.

2. Compensation Committee

The Compensation Committee ('the Committee') is a committee of the Board of Directors, responsible for reviewing and establishing the Group's compensation policies and strategy. The core responsibilities of the Committee include agreeing the compensation of the executive director members of the Board and the Senior Executive Committee and setting the compensation of the non-executive directors and the Chairman of the Board of Directors. The compensation of all other members of senior management is regularly reviewed by the Committee.

The Committee considers the recommendations of the Chairman of the Board of Directors regarding compensation awards for the Senior Executive Committee and of management for all other members of senior management. The Committee may amend or reject these recommendations. The Chairman of the Committee reports to the full Board of Directors on the discussions and decisions taken at each Committee meeting.

2. Compensation Committee continued

Members of the Committee are appointed by the shareholders of the Company for a term of one year. During the year ended 31 March 2021, the composition of the Committee was as follows:

Compensation Committee

Clay Brendish (Chairman)

Keyu Jin

Guillaume Pictet

Maria Ramos

The Committee meets four times a year, with additional meetings scheduled as required. During the year ended 31 March 2021, the Committee met eleven times. The Group Chief Executive Officer, Group Chief Finance Officer and Group Human Resources Director (or equivalent) also attend Committee meetings but are not present when decisions are taken regarding their own compensation.

3. Long-term incentive plans

The Group operates the following long-term incentive plans for Group and Maison executives. Awards are made on an annual basis.

Share options

The main features of the Group's share option plan are as follows:

Plan	Employee share option plan
Strike price	Market value of share on grant date
Vesting period	Tranches over periods of three to six years from grant date
Expiry date	Nine years from date of grant
Vesting conditions	<ul style="list-style-type: none">Continued employment with the Group.The share options granted between 2008 and 2015 include a performance condition correlated to other luxury goods companies upon which vesting is conditional; those granted from 2016 onwards do not have performance conditions.
Termination of employment	<ul style="list-style-type: none">In the event that an option holder retires, all outstanding share options vest immediately.All outstanding options vest immediately in the event that the option holder dies or has to end employment with the Group due to injury or permanent disability.If an option holder terminates employment with the Group for another reason, unvested share options are forfeited.
Hedging of obligations	<ul style="list-style-type: none">Buy-back of 'A' shares or warrants immediately prior to grant date, if needed.Awards do not result in the issue of new share capital.
Dividends	No entitlement prior to exercise
Compensation value at date of grant	Based on valuation principles of IFRS 2, excluding employer's social security costs
Awards in year ended 31 March 2021	0.7 million share options were granted at strike price of CHF 75.84 Total award was reviewed and approved by the Committee, as were individual awards to Senior Executive Committee members

Restricted and Performance Share Unit Plan

Under the Restricted Share Unit ('RSU') plan, employees receive 'A' shares after a fixed vesting period. Awards granted to senior executives are also subject to performance conditions which may reduce the number of shares vesting (Performance Share Units, or 'PSU'). The main features of this plan are as follows:

Plan	Restricted/Performance Share Unit Plan
Vesting period	Tranches over periods of three to five years from grant date
Vesting conditions	<ul style="list-style-type: none"> Continued employment with the Group. For PSU only, achievement of quantitative performance conditions as set by the Compensation Committee for each grant.
Termination of employment	<ul style="list-style-type: none"> In the event that an unit holder retires, all outstanding RSU or PSU vest immediately, subject to local restrictions in the country of employment. All outstanding RSU or PSU vest immediately in the event that the unit holder dies or has to end employment with the Group due to injury or permanent disability. If a unit holder terminates employment with the Group for another reason, unvested RSU/PSU are forfeited. Accelerated vesting of RSU/PSU is never granted to any member of the Senior Executive Committee, even in the case of retirement.
Hedging of obligations	<ul style="list-style-type: none"> Buy-back of 'A' shares or warrants immediately prior to grant date, if needed. Awards do not result in the issue of new share capital.
Dividends	No entitlement prior to vesting
Compensation value at date of grant	Based on valuation principles of IFRS 2, excluding employer's social security costs
Awards in year ended 31 March 2021	0.8 million RSU and PSU were granted. Total award was reviewed and approved by the Committee, as were individual awards to Senior Executive Committee members

The number of PSU awards made in 2021 which will ultimately vest depends on value creation within the Group over the three years following the grant date. The average growth in the value of the Group, based on a predefined formula of reported Operating Profit and Free Cash Flow, is compared to the value on the grant date and the number of awards which vest adjusted accordingly.

Long-term retention plan

The Long-term Retention Plan ('LRP') is a cash incentive plan primarily used as a retention tool for key positions within the Group. For each eligible participant, the awards are set at the grant date at between 50% and 150% of the target short-term cash incentive awarded for the previous year (which varies as a percentage of fixed salary depending on employment grade) and become payable, typically after three further years of service. The level of the award granted is determined based on the current position, as well as on the employee's individual performance and potential, while ensuring consistency across the Group. In exceptional circumstances a higher percentage may be awarded. Exceptionally in the year ended 31 March 2020, LRP were granted to certain employees in lieu of RSU awards. These LRP awards vest in tranches over three, four and five years.

Long-term incentive plan

Prior to March 2018, the Group also operated a cash-settled Long-Term Incentive Plan ('LTIP'), which linked a major part of the compensation packages of senior Maison executives to the increase in value of the business area for which they were responsible. LTIP awards were made annually and typically vested after three years, with the option for payment to be deferred by one year under certain circumstances. The executive received a percentage of the increase in value of the Maison from the date of grant to the vesting date, based on a fixed formula taking into account sales (with a weighting of 8% of total value), EBITDA (40%) and cash contribution (52%), with the vesting value being an average of the preceding two years' valuations. Cash contribution is calculated, for the purposes of the LTIP calculation, as changes in working capital, reduced by capital expenditure and adjusted for tax and the cost of capital. EBITDA is equal to the Maison's operating profit before depreciation and amortisation charges.

The cash payout made in July 2020 to Maison senior executives reflects the performance of the Maison during the three-year period from March 2017 to March 2020, as well as some payments which had been deferred from the previous year as permitted by the plan. Payments due in 2020 to certain senior executives of the Group were deferred by one year, as a result of the current Covid-19 outbreak and related disruption to the Group's activities and will be paid in summer 2021.

Non-executive directors

Non-executive directors are entitled to receive an annual base retainer of CHF 100 000, plus a fee of CHF 25 000 for each Board meeting attended. This fee is reduced to CHF 6 000 for participation by telephone. From April 2020, the attendance fee was reduced by 20% to CHF 20 000 per meeting. Fees were waived in full by all board members for any additional board meeting held outside of the normal cycle as a result of the Covid-19 pandemic; nine such meetings were held during the financial year for which no attendance fees were paid.

Non-executive directors who are also Committee members are entitled to receive further fees per meeting attended.

Executive directors

The executive directors of the Board are all members of the Senior Executive Committee and do not receive any compensation for their role as members of the Board.

Shareholder approval

At the annual general meeting, the shareholders of the Company will be asked to approve the compensation of the Board of Directors for the period from AGM 2021 to AGM 2022. Compared to the amount approved in the prior year, the remuneration of the Board of Directors is expected to increase.

5. Compensation of the Senior Executive Committee

In the year under review the members of the Senior Executive Committee were:

Senior Executive Committee

The objective of the Group's compensation policy is to favour variable (short- and long-term incentives) over fixed compensation. The split for the Group's Senior Executives for the year ended 31 March 2021 was as follows:

Variable compensation as a percentage of total

Compensation of the Senior Executive Committee for the period is summarised below.

1. Sophie Guieysse stepped down from the Senior Executive Committee on 12 June 2020 and from the Board of Directors on 9 September 2020 but remained an employee of the Group until 31 March 2021. The amounts shown above represent salary and benefits paid to Ms Guieysse during the period in which she acted as a Director of the Company. All amounts paid to her subsequent to this period are included in the line 'Other SEC members'. This includes salary, other benefits and short-term incentives for the year ended 31 March 2021 and a non-compete agreement signed with Ms Guieysse on her departure. No share-based awards were made; however, share options awarded in prior years have vested on 31 March 2021 and Ms Guieysse retains her allocated PSU, which remains subject to the performance conditions described at page 65.

Changes in the level of compensation awarded to members of the Senior Executive Committee reflect the reduction in base salary mentioned above and a reduction in the value of long-term incentive awards.

Fixed compensation of the Senior Executive Committee

Base salary

The base salary reflects the position, qualifications and responsibilities of the executive, taking into account the external market value for the position in the market in which the individual is based. It is paid on a monthly basis in cash. The level of base salary is reviewed annually in accordance with the Group's salary review process, which takes place in May. In determining the level of any increase to base salary, consideration is given to the Group's performance, the role and responsibilities of the individual and the results of benchmarking studies.

During the year ended 31 March 2021, base salaries of all Committee members were voluntarily reduced by 20%.

Benefits

Senior Executive Committee members also receive benefits in line with their duties and responsibilities and may include company car and medical insurance subsidy.

The Company also operates a retirement foundation in Switzerland which provides benefits on a defined contribution basis. Each executive has a retirement account to which the executive and the Group make contributions at rates set out in the foundation rules based on a percentage of salary. A Group contribution of up to 13.05% was applied in the year on salaries to a ceiling of CHF 860 400.

Executives are reimbursed for travel and other necessary business expenses incurred in the performance of their duties.

Variable compensation of the Senior Executive Committee

Executives also benefit from a short-term cash incentive plan and awards granted under the Group's share option and PSU plans. The Committee considers these components in total to ensure there is an appropriate balance between reward for short-term success and

long-term retention. Targets used to determine the payout levels for both the variable short-term incentives and the variable long-term incentives are considered by the Committee on an annual basis prior to the start of the next financial year. The Group does not provide for any transaction-specific success fees for its executives.

Short-term cash incentives

Short-term incentives are paid in cash annually and relate to performance in the previous financial year.

The determination of the level of short-term cash incentive comprises both quantitative and qualitative components, each with a pre-set target and a maximum percentage of base salary. The mix of quantitative and qualitative targets are aligned with the Group's business priorities for the year ahead, encouraging individual creativity and business development, as well as delivering continued profit growth and value creation. The short-term incentive target is set at 75% of base salary, with a maximum cap of 150% of base salary.

The quantitative component of the short-term cash incentive is assessed on actual Group or Maison turnover, operating profit and cash generation, being operating cash flow after capital expenditure and lease payments, compared against the current year's budget. Each of these three measures has equal weighting in the calculation. As the budget for the year ended 31 March 2021 was prepared before the full impact of the Covid-19 pandemic was clear, the assessment of short-term incentive awards for the current period is compared to prior year results. The qualitative component is assessed on performance against both individual and collective strategic targets, measuring contributions towards growing brand equity, enhancing the client journey, driving initiatives on ESG and enhancing the people experience in the organisation.

Compensation report continued

The total short-term incentive awards achieved represented on average 81% of base salary (before voluntary reduction). The individual figures for the Group's executive directors are as follows:

	Quantitative (% of salary)		Qualitative (% of salary)		Total (% of salary)	
	Target	Actual	Target	Actual	Target	Actual
Nicolas Bos	41%	42%	34%	44%	75%	86%
Burkhardt Grund	41%	43%	34%	39%	75%	82%
Jérôme Lambert	41%	43%	34%	37%	75%	80%
Cyrille Vigneron	41%	47%	34%	37%	75%	84%

In addition, the Compensation Committee may decide to use its discretion in assessing the qualitative aspect of performance to take into account exceptional performance during the year.

Long-term variable components

The target long-term variable award is set at 112.5% of base salary with a maximum cap of 150% of base salary. The number of share options and performance share units awarded will depend on value creation of the business area for which they are responsible. The Committee has discretion to adjust the final award to take into account current market conditions, long-term and strategic decision-making, amongst other factors. For awards made in December 2020 with respect to performance during the year ended 31 March 2020, the Committee accepted a proposal by management that the value of the long-term incentive award be further reduced by 50%.

Long-term variable incentives are awarded under the Group's share option and PSU plans, with the award based on the estimated fair value of a share option at the time of the award.

The share options and PSU vest in tranches after three, four and five years. The cost to the Group of this plan is equal to the fair value of the share options or PSU awards, which is charged to net profit over the vesting period. The total fair value of share options granted to members of the Senior Executive Committee during the year was CHF 2.0 million and of PSU was CHF 4.3 million. There may also be a cash outflow on grant, as the Group repurchases its own shares and warrants in order to meet its obligations under this plan.

Gains made by executives on exercising the share options depend on changes in the share price since the date of the award and, other than employer's social security contributions thereon, do not represent a cost to the Group. Once vested, share options can be exercised at any time until expiry, nine years after initial grant.

The award of share options and PSU requires retrospective approval from shareholders at the AGM. Following such approval, a revised fair value is determined for accounting purposes only.

Seven members of the Senior Executive Committee received share options and PSU in December 2020. Based on the fair value at grant dates, the value of these awards was as follows:

	Options awarded	PSU awarded	Total IFRS value (CHF)	Multiple of base salary ¹
Nicolas Bos	17 988	10 793	1 137 899	70%
Burkhardt Grund	14 881	8 929	941 371	63%
Jérôme Lambert	18 849	11 310	1 192 393	63%
Cyrille Vigneron	18 482	11 089	1 169 120	65%
Other SEC members	29 763	17 857	1 882 691	63%

1. Calculated on full salary, before reduction of 20% for the year ended 31 March 2021.

Long-term incentive awards are approved by the Compensation Committee after the end of the financial year to which the award relates. The grant date is determined by the date on which the award, including any performance conditions and/or strike price, is communicated to the recipient, which falls after the date of the Compensation report. For this reason, this report presents details of awards made during the period under review, which relate to performance in the previous year.

Shareholder approval

At the annual general meeting, the shareholders of the Company will be asked to approve the fixed compensation of the Senior Executive Committee for the next full financial year, being the twelve months to 31 March 2023. Total fixed compensation is expected to remain stable over the period then ended.

Shareholders will also be requested to retrospectively approve the variable compensation paid and accrued during the current year to 31 March 2021, as follows.

	CHF
Variable remuneration for the year to 31 March 2021	
Short-term incentives for the year ended 31 March 2021	7 608 700
Long-term incentive awards	6 323 474
Employer's social security	971 460
Total	14 903 634

Compared to the prior year, changes in the total amount of variable compensation are due to a reduction in the number of share options and PSU, which were awarded in December 2020 in relation to performance in the financial year ended 31 March 2020.

6. Compensation governance

Severance

There are no arrangements in place to provide for any severance benefit or other special departure payments for any director or any member of the Senior Executive Committee, other than their contractual and legal rights. In general, the duration of the contractual notice period is six months. In certain cases, the employing entity is required to provide twelve months' notice.

Clawback

In addition to applicable statutory provisions, the Group's long-term incentive plans include provisions allowing the Group to reclaim, in full or in part, distributed compensation as a result of special circumstances.

Upon termination of employment as a result of serious misconduct, including fraud as defined by the applicable criminal law and violation of the Group's Standards of Business Conduct, all awards granted and outstanding, whether vested or unvested, lapse immediately without any compensation.

In the event of termination of employment for another reason, other than retirement, death or disability, awards which are unvested at the date of termination of employment lapse immediately without any compensation.

External consultants

The Group also uses external consultants for advice on remuneration matters. During the year, external advice was received from a number of professional firms including PricewaterhouseCoopers, Deloitte and Lenz & Staehelin. None of these firms received any additional remuneration-related mandates from those consultations; however, Lenz & Staehelin also received fees for legal and tax advice (see page 129). PricewaterhouseCoopers is the Company and Group's external auditor.

Change of control

The rules of the share option plan for executives in the Group contain specific provisions in respect of a change of control of the Group. These provisions are typical in terms of such plans and would result in the vesting of benefits due to participants in the event of a change of control taking place.

Management contracts

There are no contracts between the Group and any third parties for the management of the Company or any subsidiary in the Group.

Allotment of shares

No shares were allotted to directors or members of senior management during the year under review.

Share ownership

Details of the shareholdings of the members of the Board of Directors in the Company are disclosed on page 132 of this report. Directors are encouraged to acquire and hold shares in the Company.

Trading in Richemont shares

The exercise of options and transactions in Richemont shares and related securities by any current director or member of the Senior Executive Committee and their related parties is promptly notified to the SIX Swiss Exchange ('SIX'). These notifications are simultaneously published by SIX.

Governance

7. Compensation report for the financial year under review

The Ordinance against Excessive Compensation ('OEC') allows the Board of Directors to identify a corporate body to which management can be delegated for the day-to-day management of the organisation. This is deemed to be the Senior Executive Committee, which is chaired by the Chairman of the Board and comprises the following executives:

Philippe Fortunato	CEO of Fashion & Accessories Maisons
Burkhardt Grund	Chief Finance Officer
Jérôme Lambert	Group Chief Executive Officer

The former Group Human Resources Director, Sophie Guieysse, also served as a member of the Senior Executive Committee for the period to 12 June 2020.

Members of this Committee are considered to be subject to the various disclosure and approval requirements imposed by the OEC.

The total compensation of the members of the Board of Directors and the Senior Executive Committee amounted to CHF 5.7 million and CHF 25.2 million respectively, including pension contributions, benefits in kind and all other aspects of compensation. The highest paid executive was Jérôme Lambert, with a total compensation of CHF 4.6 million.

The measurement basis for each component of compensation is described below:

- Salary and other short-term benefits: accruals basis.
- Short-term incentives: accruals basis.
- Pension: contributions paid or increased in accrued value depending upon the pension plan type.
- Share options and PSU: total fair value, as determined at the date of award of the share options granted in the year, the share option value being determined in accordance with the valuation methodology of IFRS 2.
- Employer's social security: amounts are presented on a cash paid basis for short-term compensation and estimated, based on fair value at grant date and mandatory employer social security contributions which provide rights up to the maximum future state benefit, for long-term incentives.

All amounts are stated gross before the deduction of any related tax or amounts due by the employee.
