## **Review of trading in the three-month period ended 31 December 2016 at constant exchange rates**

In Europe, sales increased by 3% in the third quarter, in contrast with the 17% decline registered in the first six months of the year. This improvement was primarily driven by robust local sales and tourist purchases in the United Kingdom as well as strong jewellery sales across the region.

The 10% growth in sales in the Asia Pacific region reflected strong performances in mainland China and Korea, mitigated by continued declines in Hong Kong and Macau.

Sales in the Americas region grew by 8%, supported by jewellery and the reopening of the Cartier Mansion in New York.

The decline in Japan was limited to 1% thanks to the resilience of the domestic clientele and the reopening of the Cartier flagship store in Tokyo. The Middle East and Africa continued to be subdued.

Retail sales grew by 12%, compared to the 5% decline in the first six months of the current year, underpinned by solid jewellery sales, positive watch sales and the reopening of the two Cartier stores mentioned above. In the wholesale channel, the decline in sales was limited to 3%.

Good demand for jewellery products and positive watch sales in retail contributed to the 8% sales increase at the Jewellery Maisons.

The Specialist Watchmakers' sales were down by 2%: positive growth in the retail channel was offset by continued weakness in the wholesale channel, albeit at a lower rate.

The other businesses posted good growth, mainly driven by Chloé, Montblanc and Peter Millar.

The Group's net cash position at 31 December 2016 amounted to € 5.2 billion (2015: € 5.1 billion).

## **Trading in the nine-month period ended 31 December 2016**

Sales over the nine-month period to December declined by 6% at constant exchange rates and by 7% at actual exchange rates. They are presented in Appendix 1a.

## **Results for the year ending 31 March 2017**

Net profit for the year will face a challenging comparative due to the prior year's inclusion of the € 639 million non-cash gain relating to the merger of The NET-A-PORTER GROUP with YOOX Group.

## **Corporate calendar**

The Group's results for the current financial year will be announced on Friday, 12 May 2017.

The Company's annual general meeting will be held on Wednesday, 13 September 2017 in Geneva.
