RICHEMONT PUBLISHES FY20 SUSTAINABILITY REPORT

Richemont announces the publication of its sustainability report for the year ended 31 March 2020.

Richemont's Transformational CSR Strategy, which launched last year, is centred on four focus areas – People, Communities, Sourcing and Environment – encompassed by strong governance, active engagement and continuous innovation in materials and processes. It is expressed by a series of short, medium and long term targets. This year's report describes our progress against those targets, in particular our short term targets due for completion by December 2020.

Our Group has a long-standing commitment to doing business responsibly. We recognise the need for continual progress and strive to improve each year, embodying Richemont's Movement for Better Luxury.

The report is available for download at www.richemont.com/sustainability.
